Specifications

Physical Characteristics

Depth: 100 mm
Width: 65 mm
Height: 170 mm
Weight: 170 g.

Electrical

Battery: Li-Poly
Input: 5 V. DC
Power: 250 mAh max.

Interfaces

Bluetooth HID Keyboard wedge mode

Scanner Characteristics

Light Source: 617nm LED Aimer, White LED
Depth of Field: 5 to 30 Cm.
Scan Type: Image Cmos
Resolution: 4,8 mil
Contrast: 25%

Symbologies

UPC/EAN with supplementals, Code 39, Code 39 Full ASCII, Trioptic Code 39, RSS variants UCC/EAN 128, Code 128, Code 128 Full ASCII, Code 93, Codabar (NW1), Interleaved 2 of 5 Discrete 2 of 5, MSI, Codell, IATA, Bookland EAN, Code 32 PDF417, microPDF417 and composite codes Postal U.S. Postnet and Planet MaxiCode, DataMatrix (ECC 200), QR Code

Operational

Reading Indicator: Led, buzzer
Communication: BI Directional (feedback)
Range Up to 50 meters (open ground)
Working mode: Memory mode, Real time

Environmental

Operating Temp: -20° to 50°
Storage temp: -20° to 70°
Humidity: 20% to 95% RH (non condensing)

USB
UNIVERSAL SERIAL BUS

Quality hardware for BARCODE
